A Groundbreaking Story

Its all about a South American tribe called the Kogi Elena explained. What a great book. Did you know that these people havent communicated with anyone outside their tribe for senturies? Theyre the only native tribe that wasnt wiped out by the Spanish conquest.

I've heard about that book, The Elder Brothers Steven replied. The Kogi have finally decided to give their message to the world because they believe that the earth is dying and that it is our fault.

They also believe Elena added that it is not too late to change our dstrictive ways.
